

**INLAND EMPIRE FLY FISHING CLUB
FEBRUARY MEETING**
Tuesday, February 14, 2023
Wet Fly 5:30 Meeting 6:30 PM
RAMADA INN-AIRPORT
8909 W Airport Dr, Spokane, WA 99224

Presidents' Message By Doug Brossoit

Thank you so much for all the "Well Wishes" I received regarding my recent heart valve replacement. I'm feeling good and I'm anxious to get out there and do some fishing again this spring.

I know some of our members have done well at Rocky Ford in the past few weeks, and presenting the right fly, at the right time, with the right technique is the challenge we all look forward to in our piscatorial pursuits!

Good luck to all of you this year, and I hope to see you and your significant other at our February Meeting!

Doug

By-Law Vote Reminder

Remember, if you have not sent in your vote on the proposed changes to the Bylaws:

Your vote must be postmarked by February 1.

If you have not received your ballot packet, please contact a Board Member as soon as possible. Board Members are listed on the back page, and their contact information is in the 2022 Roster.

Or, just email us at flyleaf.ieffc@gmail.com

February Program Valentines Day!

Fred Muehlbauer
Salmon Fishing on the Kodiak Island Road
System Rivers

Fred Muehlbauer is a member of the Clearwater Fly Casters. He is a retired U.S. Department of Agriculture Research Geneticist and Plant Breeder who spent nearly 40 years in

the Crop Science Department at Washington State University working on dry peas, lentil, and chickpeas.

His angling time involves steelheading and salmon on the Snake, Clearwater, and Grande Ronde rivers, as well as trout fishing on local streams, particularly the St. Joe, and kokanee fishing. He'll be presenting on his Kodiak adventures, which began in 2002 and has continued nearly annually over the past 20 years.

Kodiak has a paved road system that provides access to numerous small rivers and streams, all of which have salmon including pinks, sockeye, chinook, chum and coho. The coho runs peak in September.

Fred will present on his adventures with fellow anglers on Kodiak, the rivers they fish, the methods they use, and the logistics of travel. It should be an entertaining and dream provoking presentation for all! See you there!
