

**INLAND EMPIRE FLY FISHING CLUB
SEPTEMBER MEETING**
Tuesday, November 14, 2023
Wet Fly 5:30 Meeting 6:30 PM
RAMADA INN-AIRPORT
8909 W Airport Dr, Spokane, WA 99224

Presidents' Message
By
Doug Brossoit

Hello Everyone,

My thanks to everyone who contributed to our Bayley Lake spawning channel cleanup on Saturday, October 14th. This annual labor of love undertaken by our club is a lot of fun and a very important action to preserve great fishing on the Little Pend Oreille Wildlife area. I'll single out Jerry McBride for all his efforts again this year, organizing it and working hard to have a full crew, and dealing through the last minute materials uncertainty. Jerry is tireless, and effective, and a great example of involvement to all of us in his role as our Projects chair.

I also send out a HUGE THANK YOU!! ...to all of our club members, and guests who have made this year's meetings feel so welcoming and friendly! I don't know quite how to put it into words, but I think the feel and tone of everyone associated with our club has been more upbeat and positive than what I have experienced in the past.

Perhaps it's because I have been more involved with the inner workings of the club and have been able to see how passionate we are for fly fishing, and especially for each other!

When we voted to include women in our club this year, I didn't think it would affect our club one way or the other, but I now feel it has definitely contributed to that upbeat tone, and has had a very positive effect on our club.

I now believe our club will add more members of both men and women more easily as a result and I look forward to what the future holds for our club.

Enjoy the fall fishing!!
Doug

November Meeting
Pat Dorsey
Western Tailwater Trout

Pat Dorsey has worked as head guide and co-owner of the Blue Quill Angler, a full-service fly shop and guide service in Evergreen, Colorado since 1992.

His unique niche has been teaching people the love of fly fishing and improving their abilities by tapping into his experience and know-how. Whether you're a novice or seasoned veteran, a guide trip or clinic with Pat Dorsey elevates your fly fishing game.

Pat will share with us his knowledge of western tailwaters... especially Colorado, covering an assortment of topics from understanding dams and their releases, matching the hatch, fly selection, to the nuances of several renowned tailwaters in my area.

Seasoned anglers will get information to help push their skills and abilities to the next level, while less experienced anglers will get a jump start on understanding the proper tackle, flies, and the unique behavior of western Tailwater fisheries.

Pat is an author of several books, including *Tying and Fishing Tailwater Flies*, *Colorado Guide Flies*, *Fly Fishing Tailwaters*, and the *Fly Fishing Guide to the South Platte River*. He is the Southwest Field Editor for *Fly Fisherman Magazine*.

Pat will be tying flies prior to the meeting, and will be available for questions after his presentation, and can sign books should you have one.

This is a not-to-be-missed program by a very accomplished and well spoken angler for all abilities. See you there!
